

HOW DOES THE LOAN APPLICATION PROCESS WORK?

1 APPLICATION

You can start the process by filling out an application online, giving us a call or even stopping by one of our branches. Together, we'll evaluate your financial details to find the most beneficial home loan solution.

In order to provide you with the best financial benefits, we get to know your unique situation and financial goals. This involves looking at various pieces of information from your financial history. After we get a clear picture of your finances, we'll match your goals to a home loan option that's right for you.

2 PROCESSING

We gather the required information to help you obtain your specific loan. We'll order any necessary services, such as an appraisal or preliminary title.

3 UNDERWRITING

Next, we underwrite your loan*. One of our professional underwriters will carefully go through each document submitted and verify the information. The underwriters' job is to make sure that all of the necessary information is included and each "i" is dotted and every "t" is crossed. At this point, you may be required to submit more documentation depending on your specific loan requirements.

4 FUNDING

Then, we schedule the signing of your loan documents. During the closing, you'll sign the final loan documents and the funding will typically occur in 24 to 72 hours.
